

# Dashboard Eurofork Analytics

Job Order: Orangina X  
 Time range: May 9, 2025 - May 15, 2025 ↻  
 Machine: 8 selections X  
 Specific Date: May 13, 2025 ↻  
 Result: (200) AlarmHW X

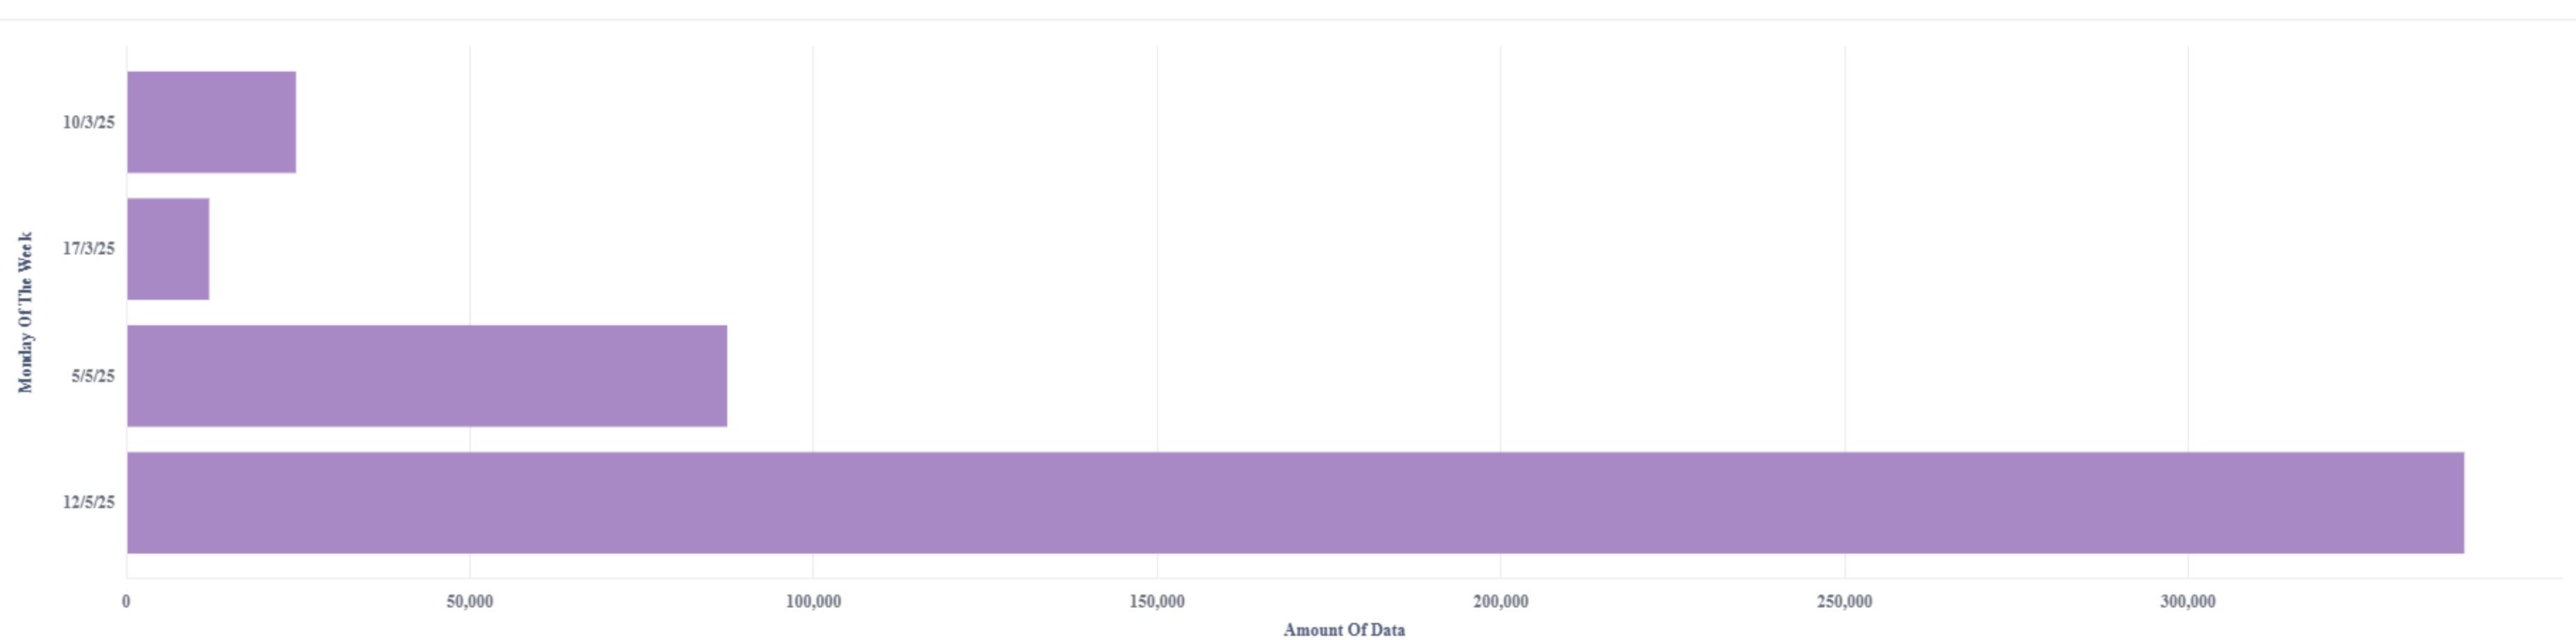

## Dashboard Eurofork Analytics - Micromissions

The data will be analyzed according to the selected filters. They can be modified above.

### How to find the data?

#### Micro-missions over time in Orangina

This chart displays the time availability of Micro-missions data, for a specific job. Each bar represents the Monday of the reference week and indicates the number of records in the database for that week.

### Taking/ Leaving with chain and Kilometers of shuttles and satellites

#### Taking/ Leaving with chain in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

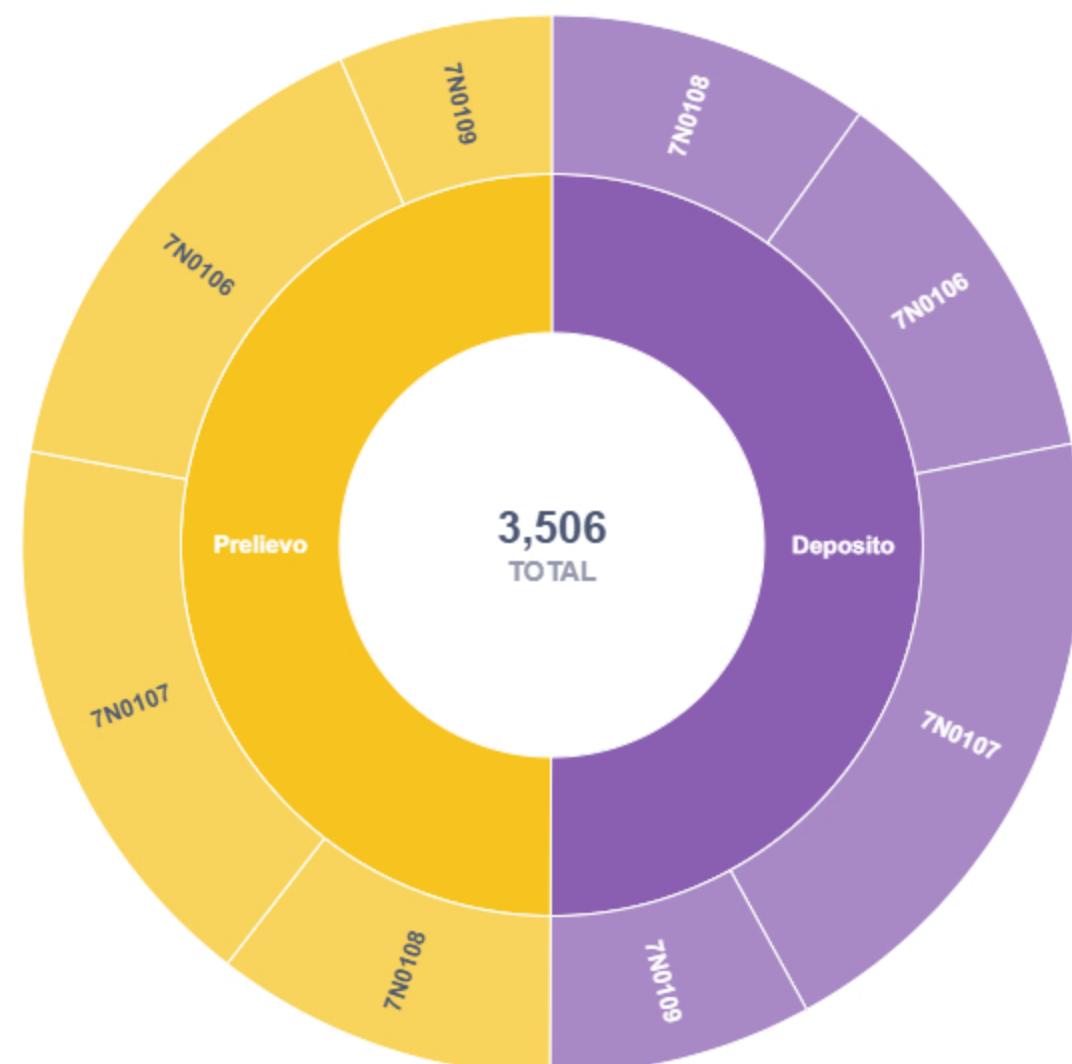

This chart displays the amount of Taking with Chain and Leaving with Chain operations performed by each selected machine

#### Daily Taking/ Leaving with chain in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

This chart displays the amount of the daily Taking with Chain and Leaving with Chain operations performed by all selected machines.

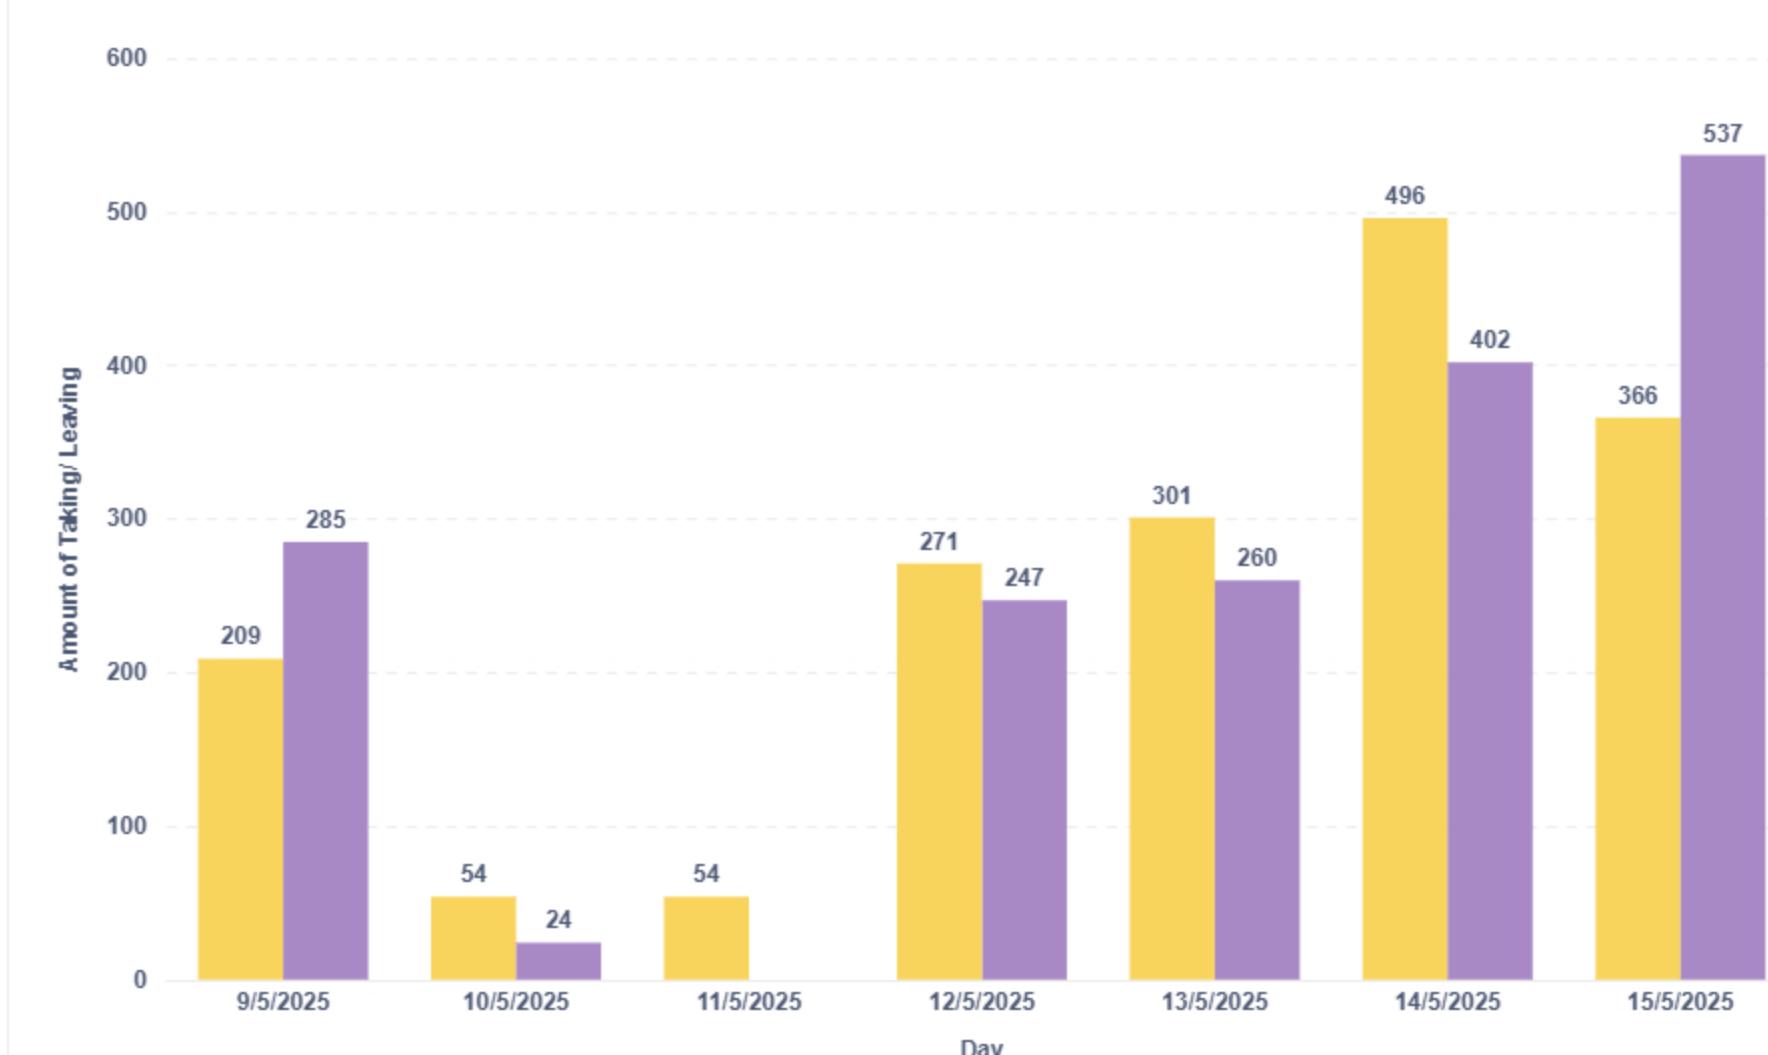

#### Daily Taking/ Leaving with chain in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

This chart displays the amount of the daily taking/leaving performed by each selected machine.

Prelievo Deposito

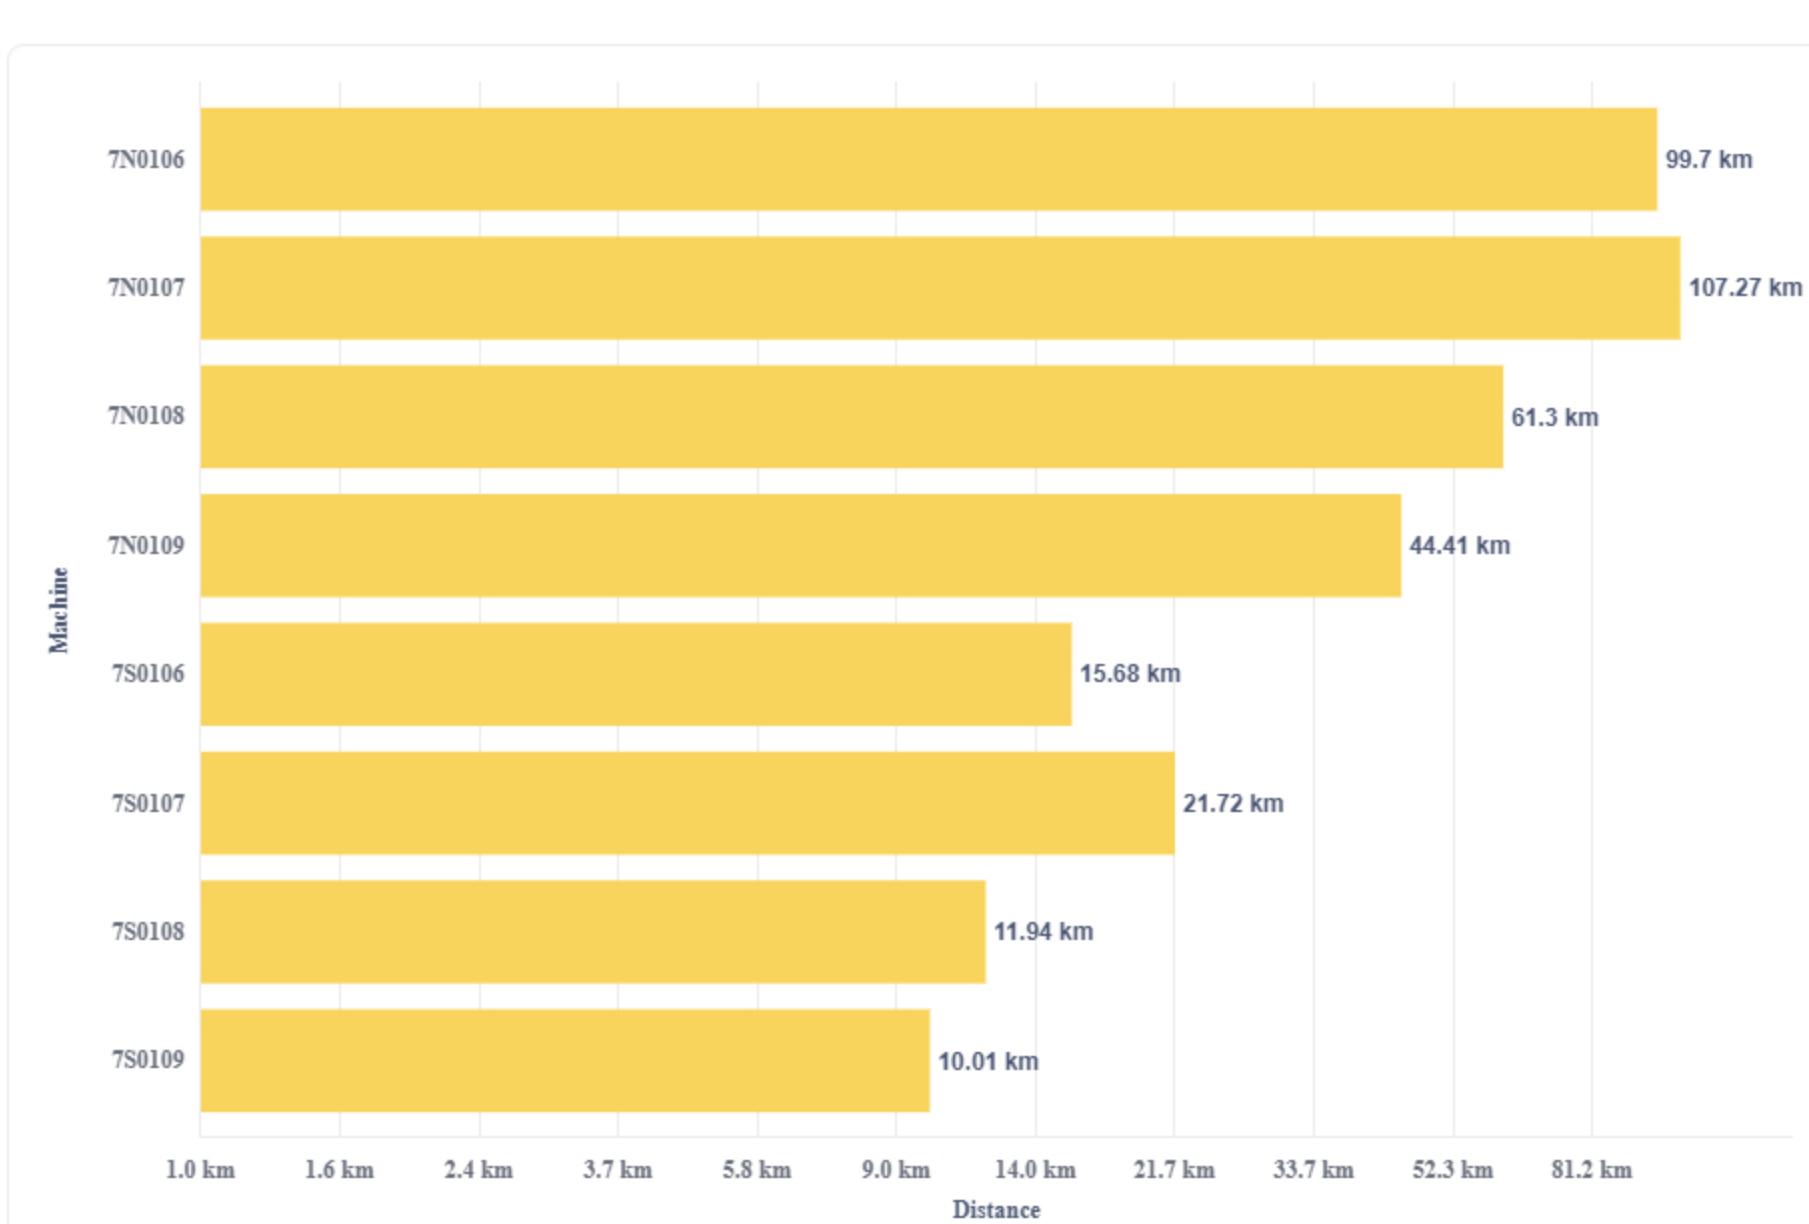

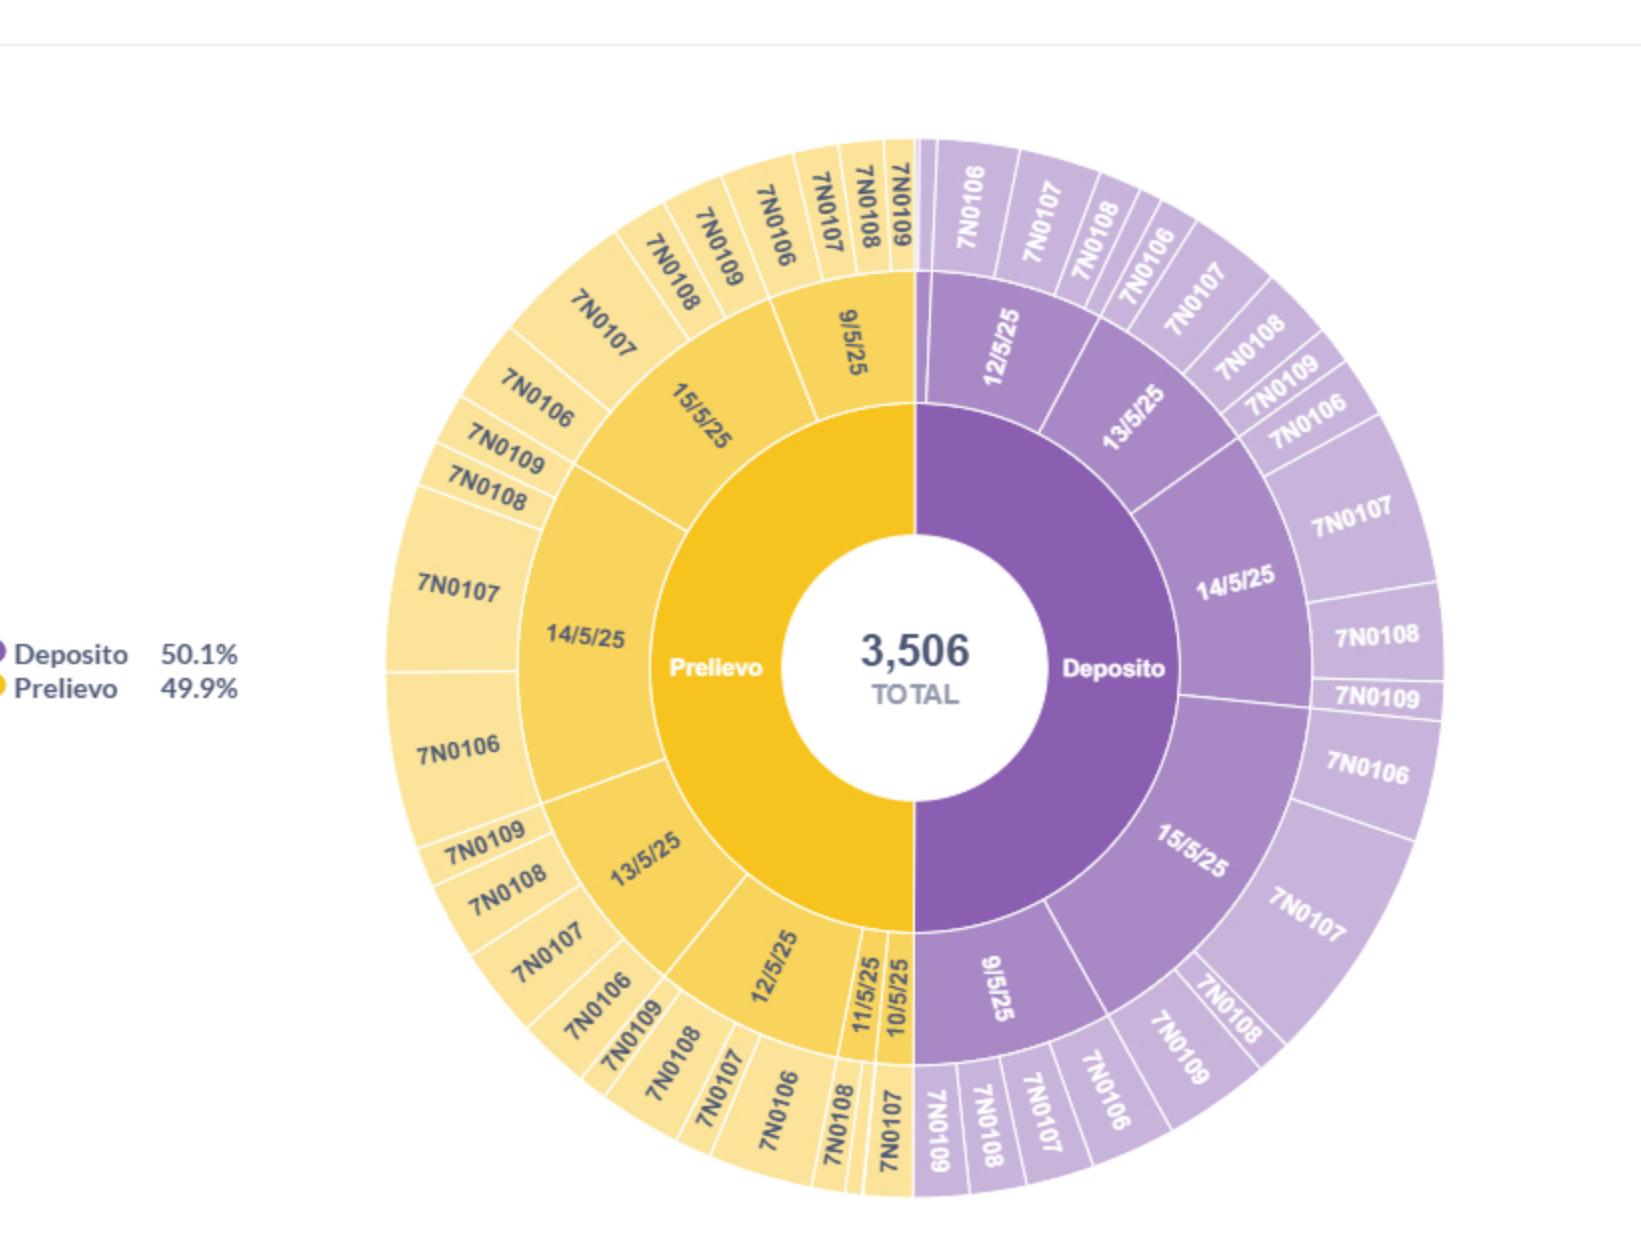

#### Kilometers traveled in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

This chart displays the distances in kilometers traveled by each selected machine.

## Results

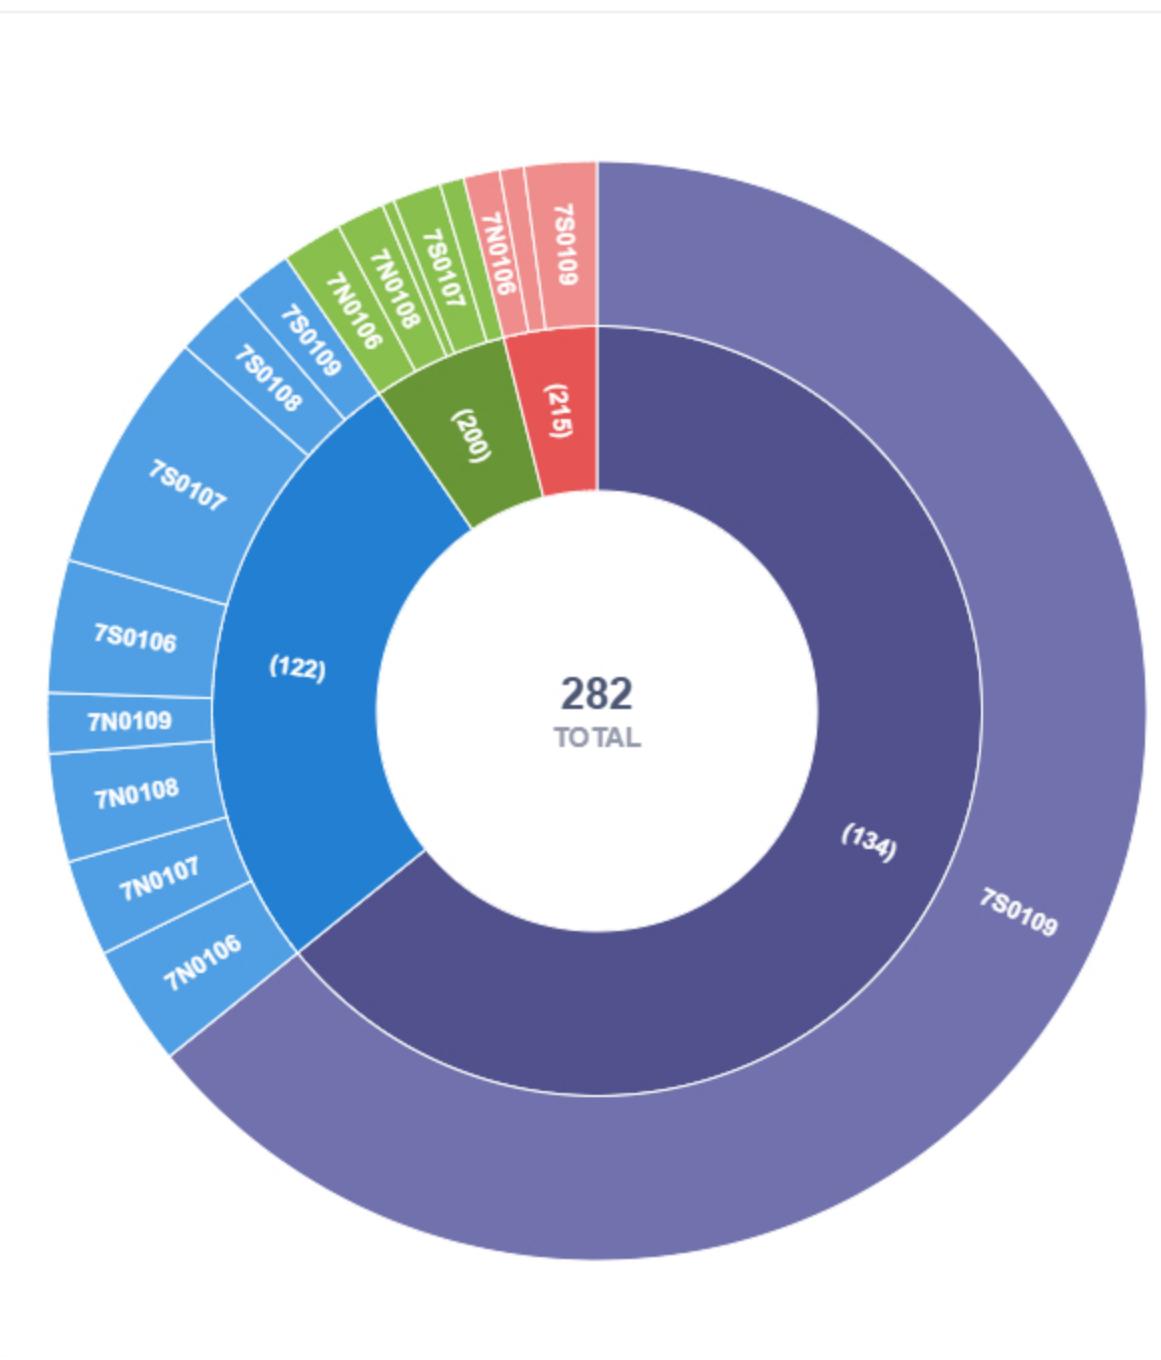

### Amount of the most serious results in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

The legend associates the code (that we see on the graph) to a result while the chart displays the amount of the results

Codice	Risultato
(122)	Errore warning
(200)	AlarmHW
(24)	OK quota teorica
(111)	Stato logico non valido
(215)	Automatico manuale
(103)	Data error
(133)	BumperTouch
(134)	GhostPalletDetected
(213)	Invalid encoder value
(127)	Pos. not available
(112)	Invalid leaving taking position
(117)	TG down waiting up

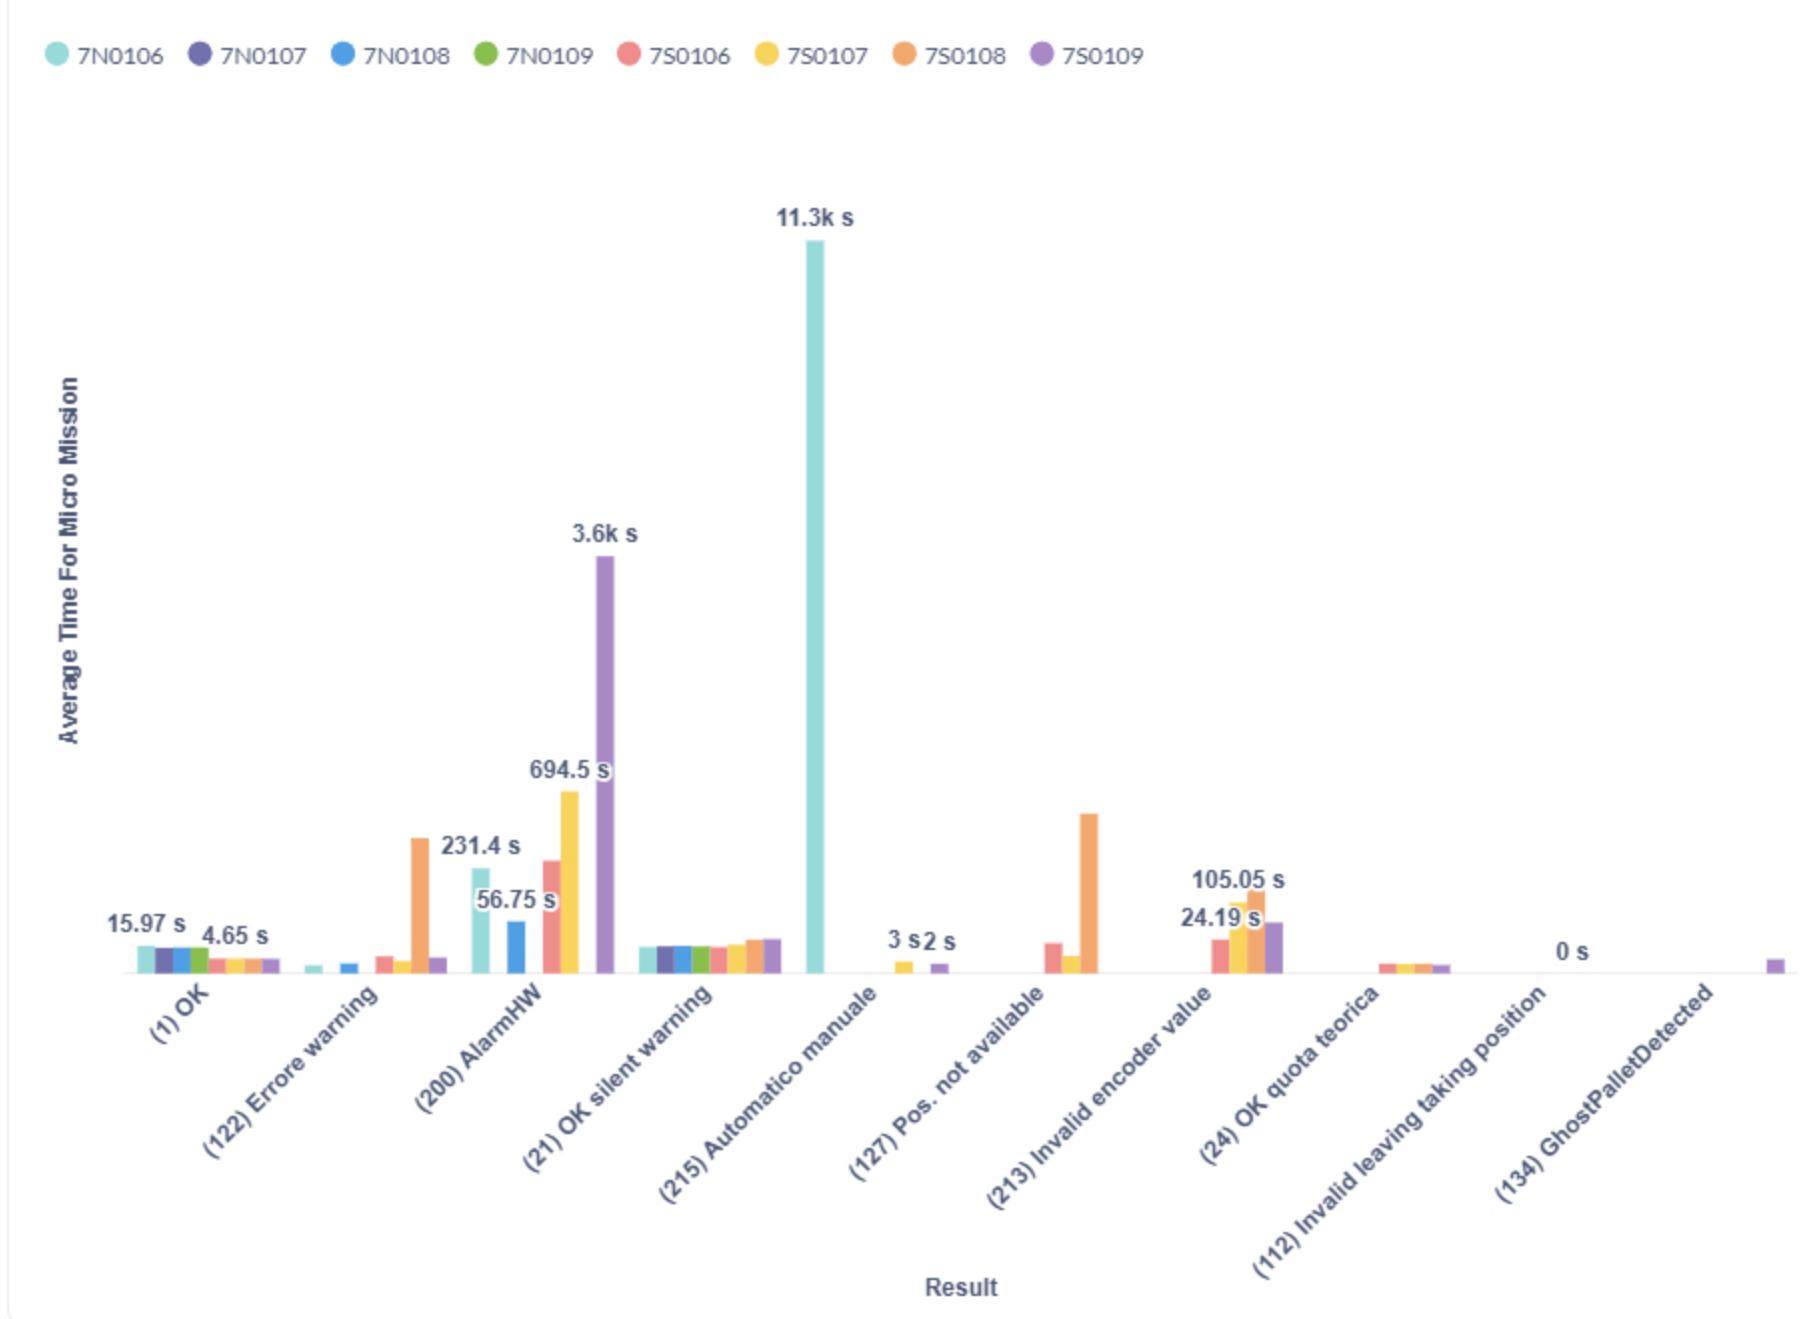

### Average time to conclude a micro mission in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

This chart displays the average time each selected machine took to process each result.

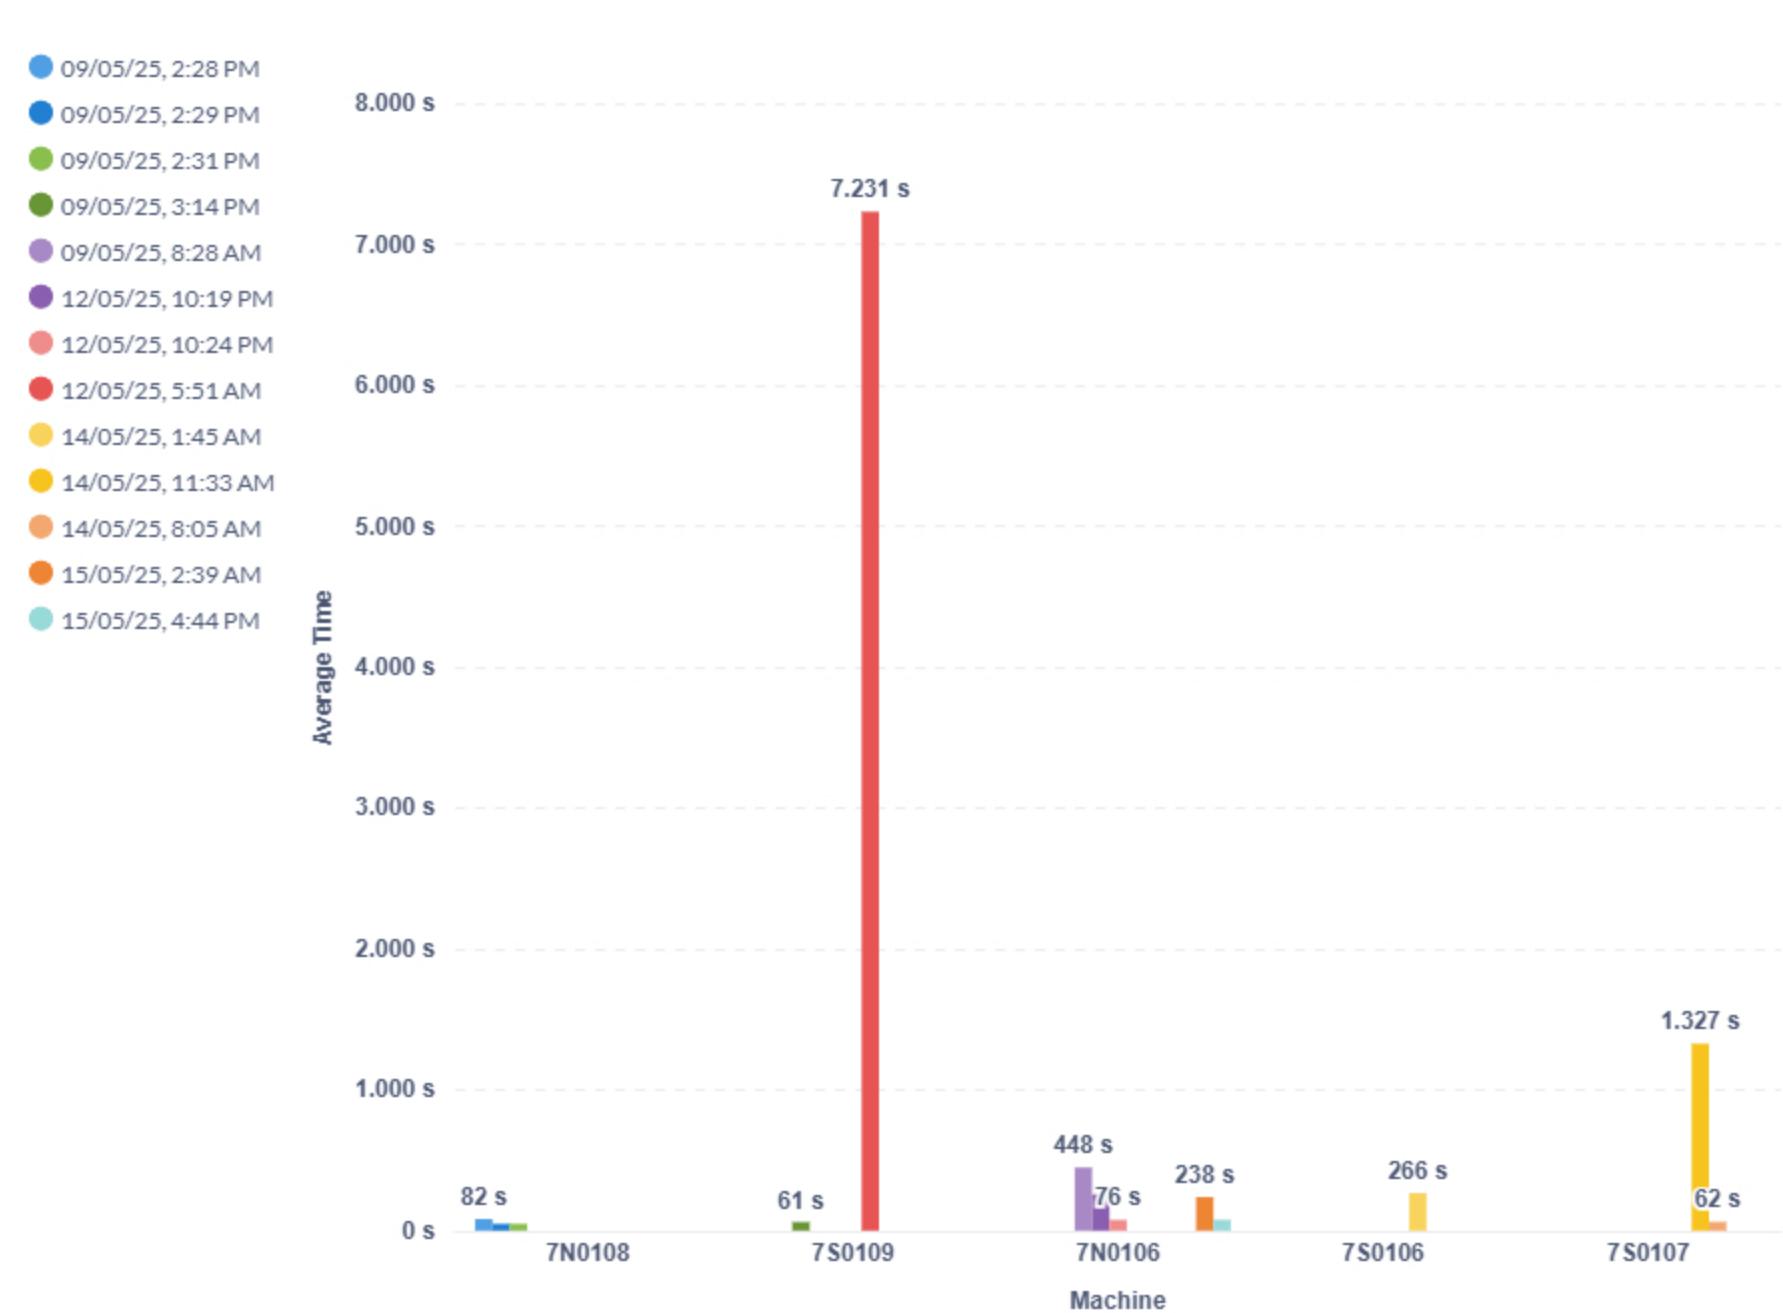

### Date/Time and Average Time of a specific result in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: (200) AlarmHW

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

This chart displays the average time taken by each selected machine to process a specific result with the exact date/time when that result was generated.

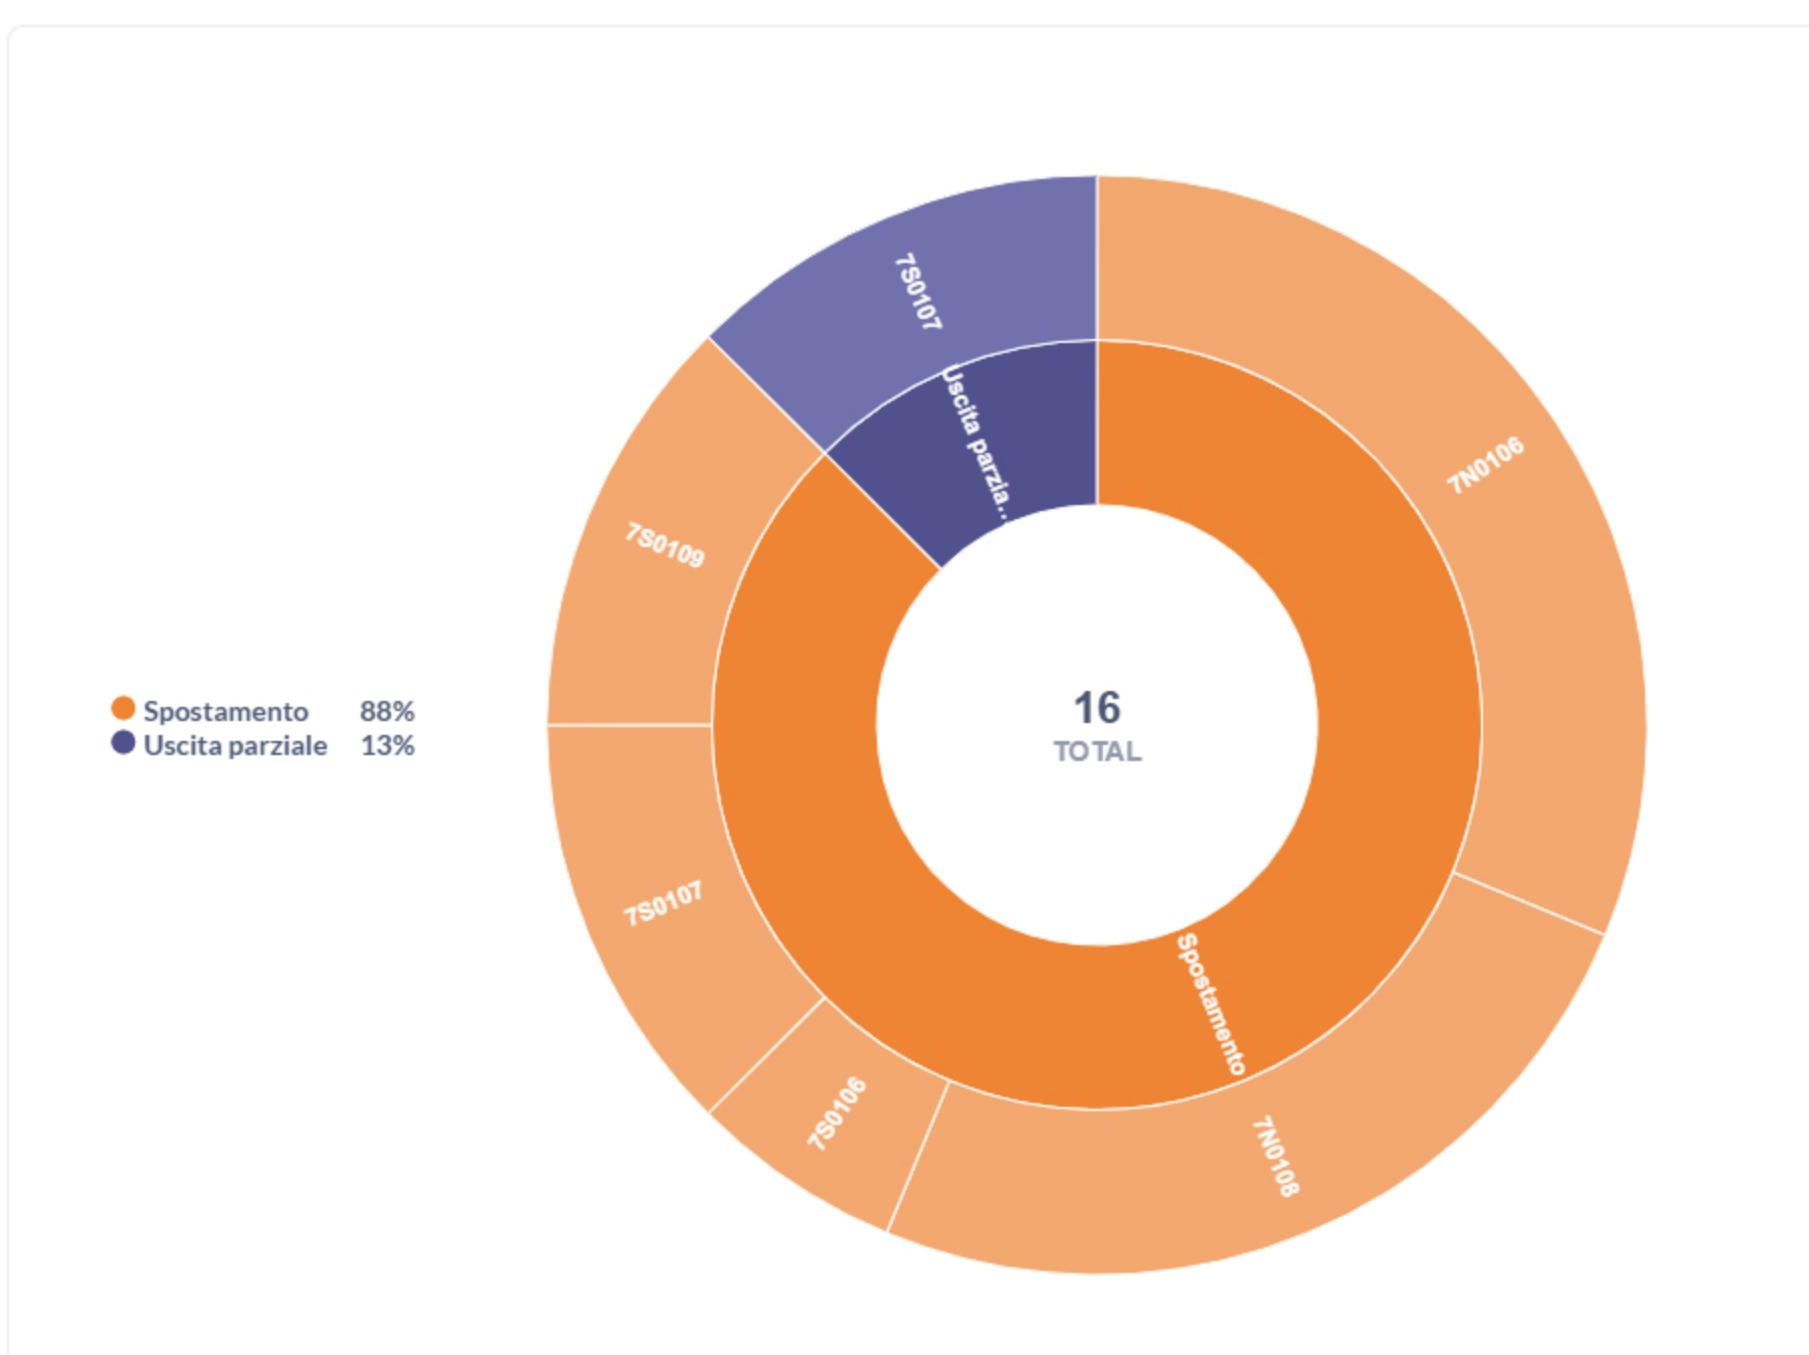

### Types of mission that return a specific result in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: (200) AlarmHW

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

This chart shows the mission types that return a specific result and which machine performed the operation.

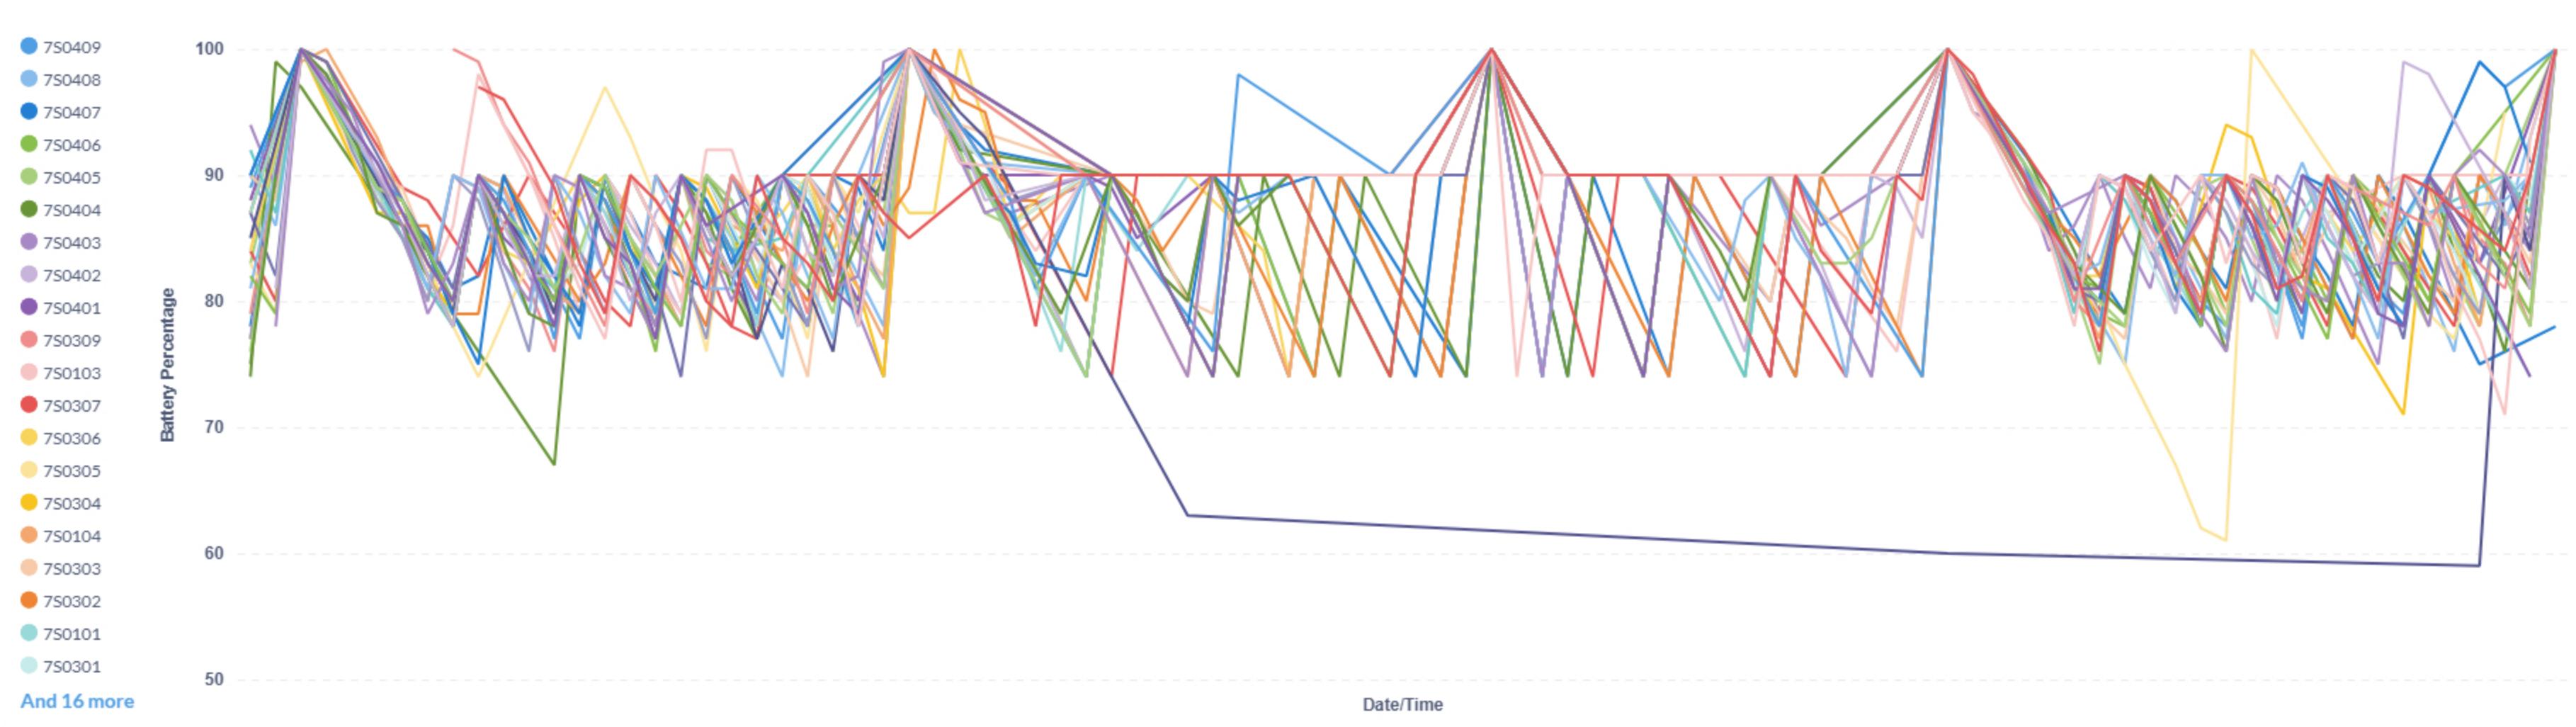

## Battery Variations

### Hourly battery trend in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

The chart displays the hourly battery trend of all the machines.

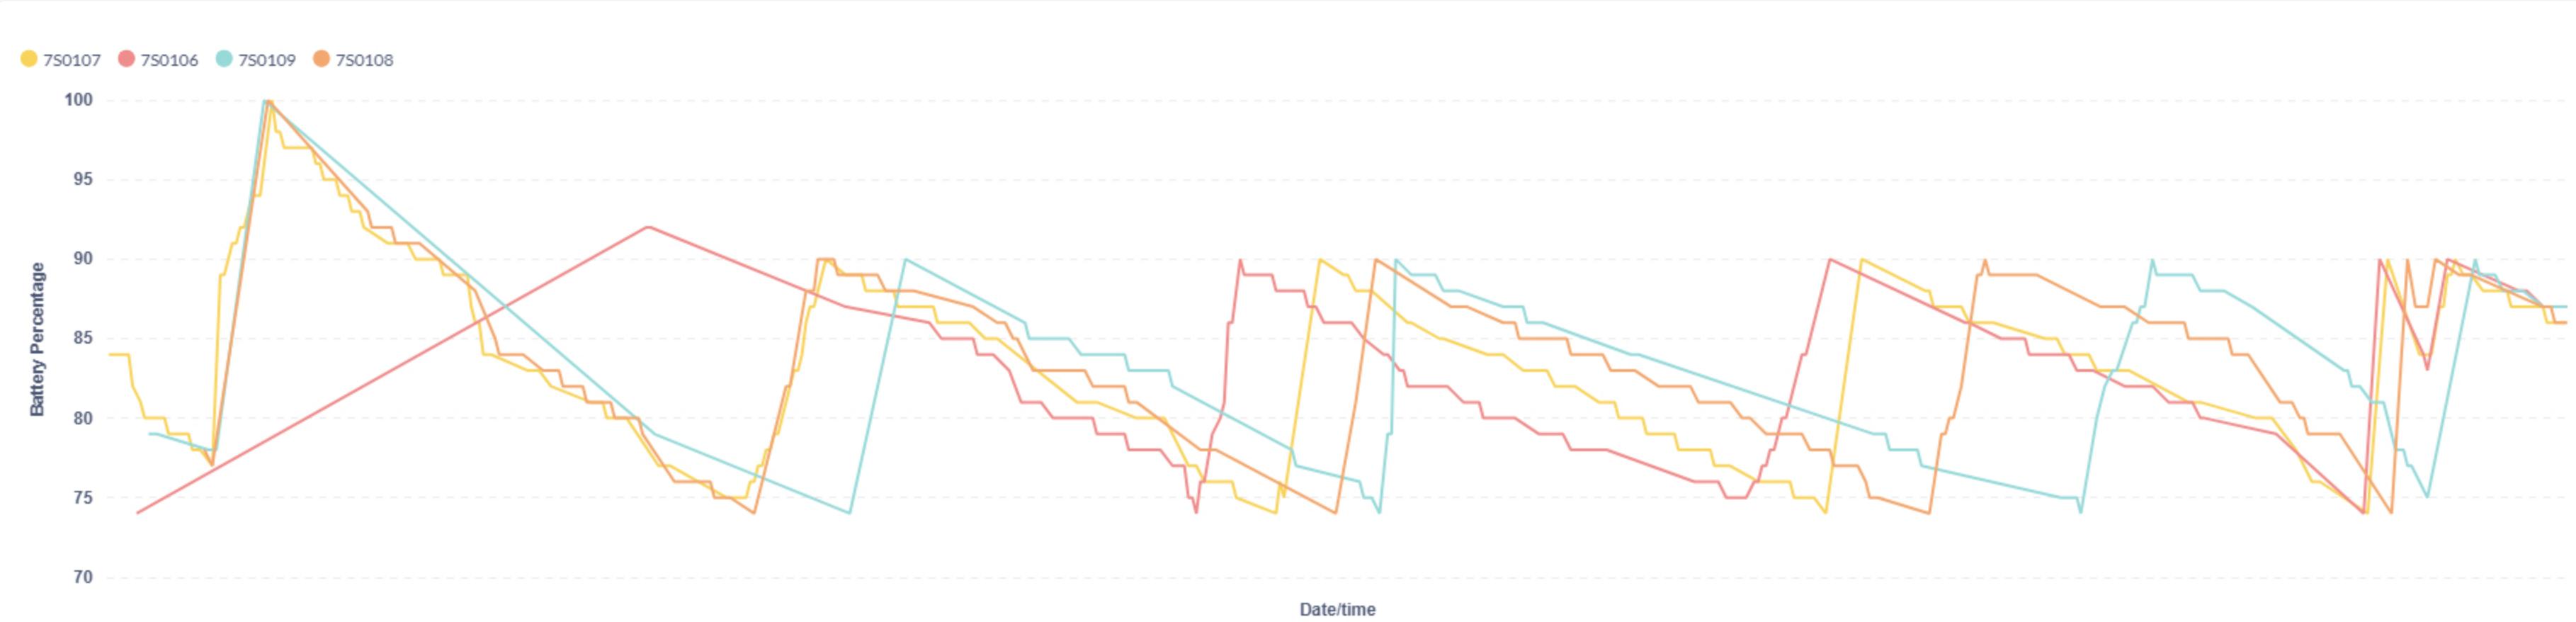

### Battery trend per minute of a day in Orangina

for the day: maggio 13, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

The chart displays the battery trend per minute for each selected machine on a specific day.

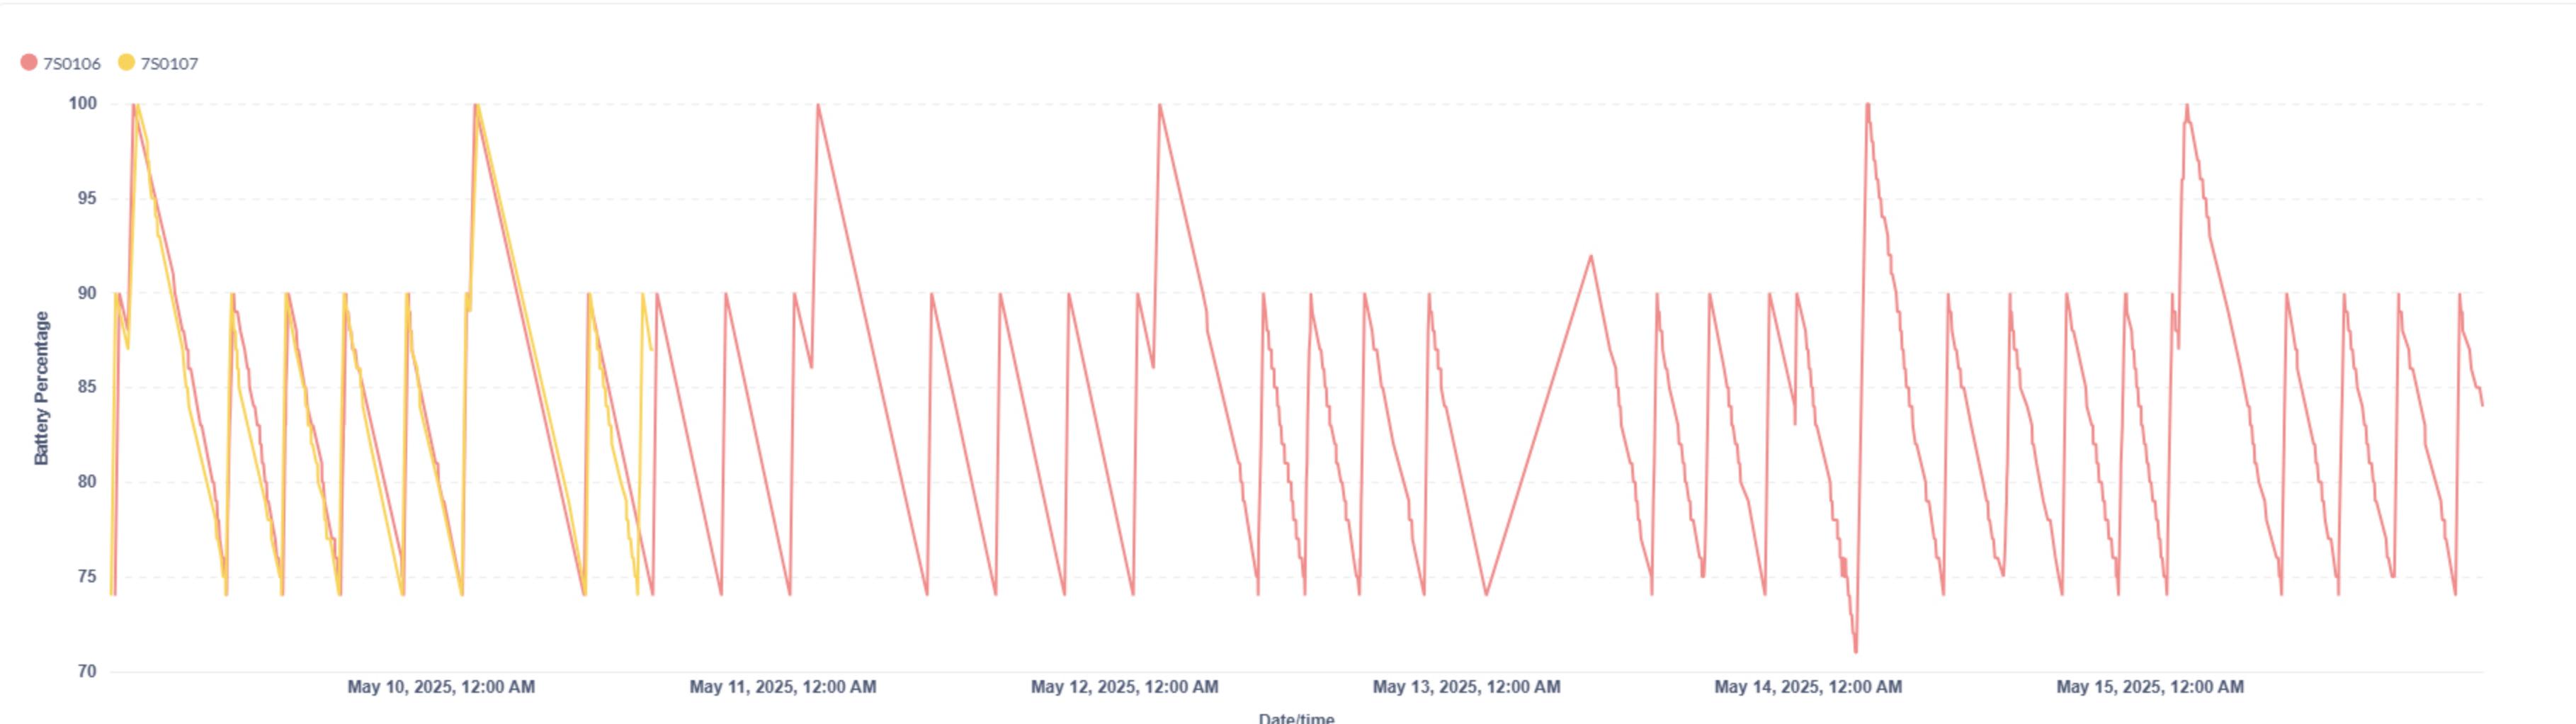

### Battery trend per minute in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

The chart displays the battery trend per minute for each selected machine.

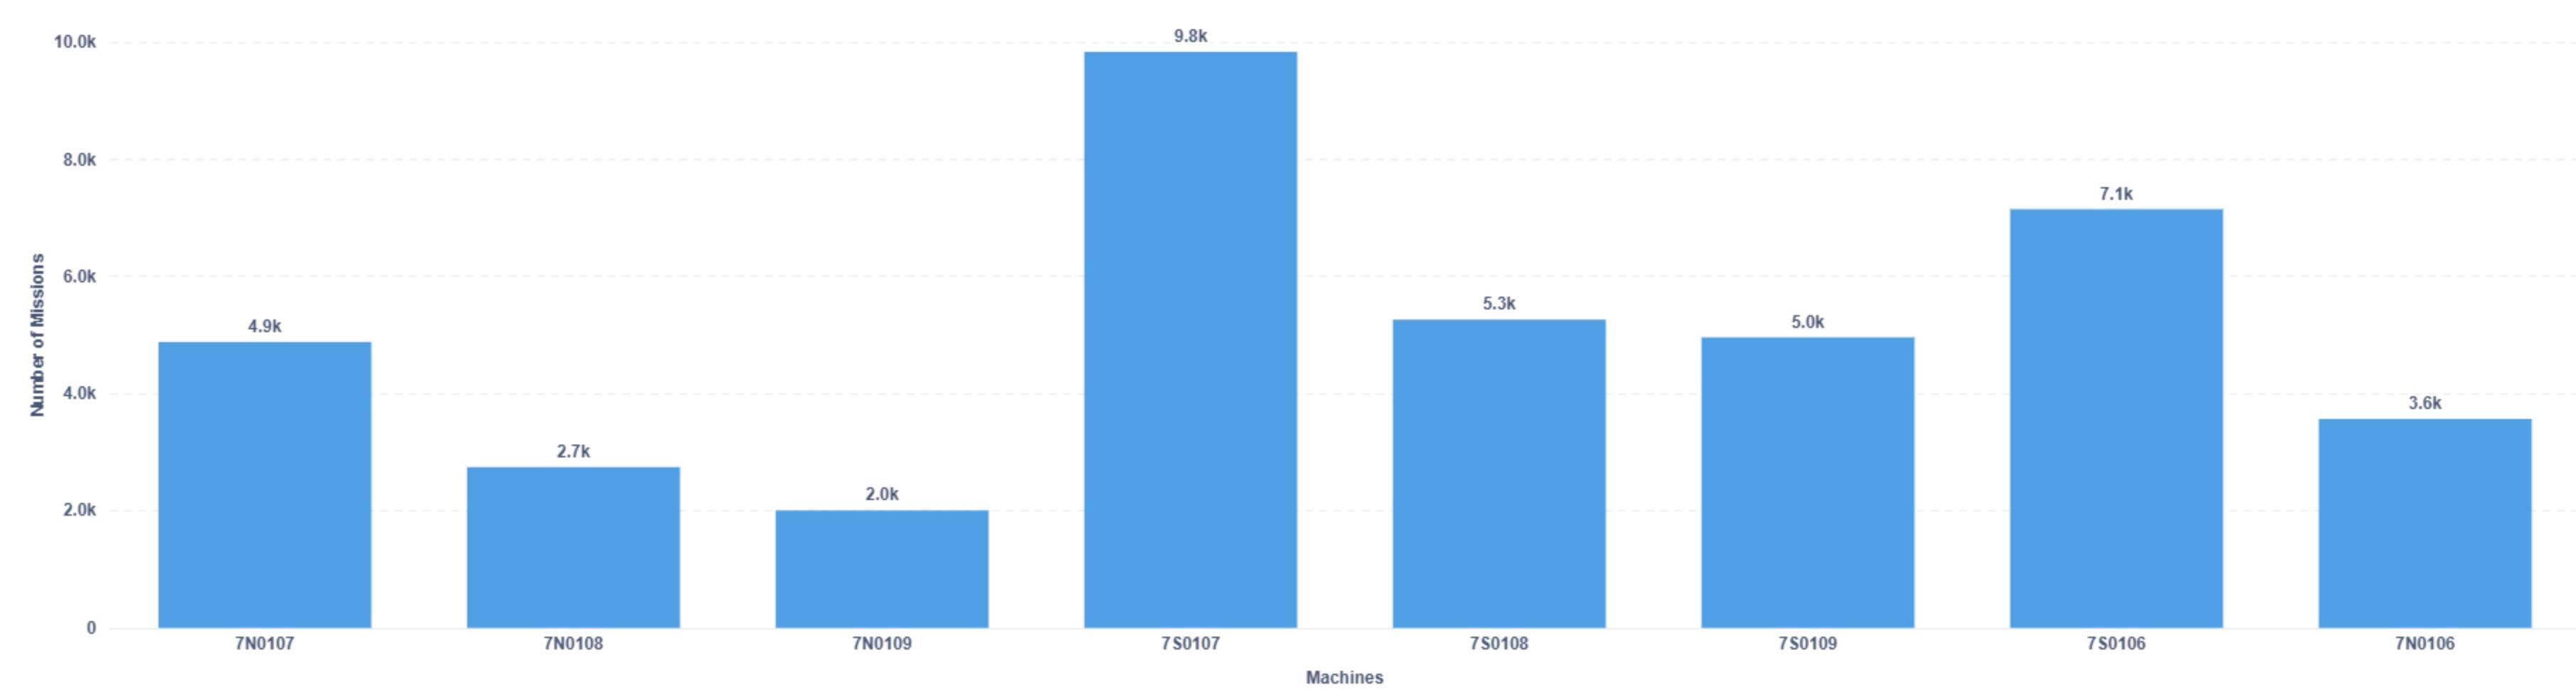

### Number of missions

#### Total missions for each machine in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

The chart displays the number of micro-missions performed by the selected machines in a time interval.

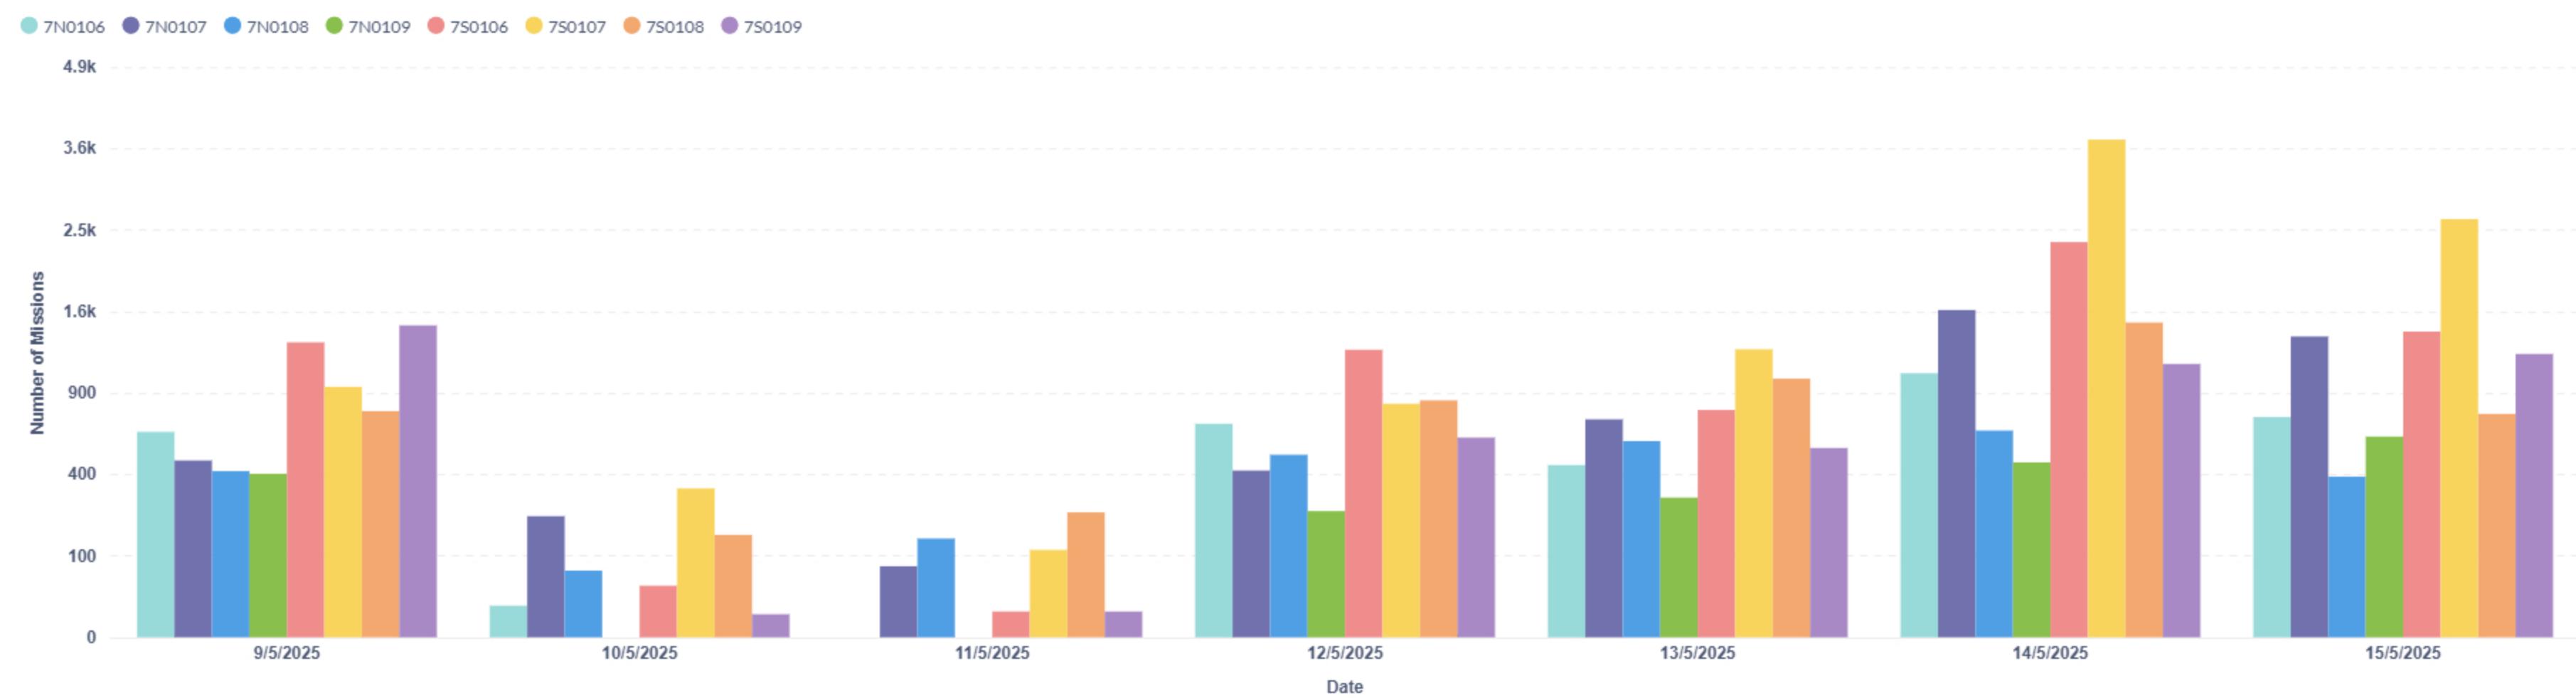

#### Daily total missions in Orangina

in period: maggio 9, 2025 - maggio 15, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

The chart displays the amount of micro-missions performed by the selected machines in a time interval, dividing it by each day included in the interval.

#### Hourly missions in a specific day in Orangina

for: maggio 13, 2025

for: 7N0106, 7N0107, 7N0108, 7N0109, 7S0106, 7S0107, 7S0108, and 7S0109

The chart displays the number of micro-missions performed by the machines in a specific day, dividing it by each hour of that day.
